	A. <u>Consent Agendas - Discussion</u> Ms. Nabors referred to the information in the meeting packet pertaining to consent agendas (attachment), which is a meeting practice that takes all routine documentation not requiring discussion or independent action and groups it as one agenda item requiring one vote to approve. Ms. Nabors referred to the proposed sample consent agenda for CSCF. The Governance Committee concurred with idea of including a consent agenda and provided the following recommendations: <ul style="list-style-type: none"> • Provide a higher level of operations and finance reporting and place within the President's Report. • All committee reports can be included on the consent agenda, unless there is an action item. • There is always the ability for a Board Member pull an item off the consent agenda – this does not require a motion. CSCF already tracks testing and reporting internally – this work becomes the agenda and reduces prep time for the meeting. 	<p><i>On the next State call, Ms. Nabors will ask how other workforce boards handle confidential data at the national and regional levels.</i></p> <p><i>Ms. Nabors to research GRC (Governance, Risk, and Compliance) and see if it makes sense to expand the purview of the existing committee.</i></p> <p><i>Enterprise Risk Management Committee to re-evaluate the levels of the risks and present results at the next Governance Committee meeting.</i></p>
