Computer Hardware Sales RFQ Number COMP-0330

QUESTIONS & ANSWERS

1. We are interested in providing a detailed proposal, but would like to know if you and your school are interested in protection plans for these devices? ... We offer Extended Warranty with Unlimited Accidental Damage protection, which separates us from manufacturer warranties. We also offer Insurance coverage options, i.e. accidental, theft, burglary, power surge, vandalism, and natural disasters.

RESPONSE: CSCF is not looking to purchase extended warranty, at this time. Refer to scope of work (SOW), on page 3 of the RFQ, which states that quotes should include equipment covered by a 1-year warranty.
